Rozhodnutí o autorizaci č. 32/2006 ze dne 31.8.2006

Autorizovaná osoba 227

PRODUCT CERTIFICATE

No. 227/C5/2014/0552

The Authorized Body confirms in accordance with the provision of §5, clause 2 of the Government Order No.163/2002 Coll., that lays down technical requirements for selected construction products, as amended by Government order No. 312/2005 Coll., that for construction product:

product name: **Modular air conditioning units MANDÍK M, P, S and T series**

intended use: Modular air conditioning units MANDÍK M, P, S and T series are intended for transportation of air and air treatment in low and high pressure ventilation, heating and air conditioning systems without explosion risk, where the influence of weather impact does or does not effect directly.

applicant : **MANDÍK, a.s.**
Dobříšská 550, 267 24 Hostomice pod Brdy ID: 26718405

producer: **MANDÍK, a.s.**
Dobříšská 550, 267 24 Hostomice pod Brdy ID: 26718405

the documentation submitted by the applicant was reviewed, the initial type testing of the product samples was carried out, the production control system of the producer was assessed and there was found out that the products meet the technical requirements specified at the Building Technical Approval No. 227-STO-14-0552, which relate to the essential requirements.

Authorized Body has found out that the production control system performed by the applicant conforms to the relevant technical documentation and ensures that the products placed on the market meet the requirements established at the above mentioned Building Technical Approval and conform to the technical documentation according to §4, clause 3.

Protocol No. 227-P5-14-0552 of 26 November 2014 which involves the results of the findings, verification, the test results and a fundamental description of the certified products necessary for their identification, is an integral part of this certificate.

This certificate remains effective until the requirements specified at the Building Technical Approval or the production conditions at the place of production or the production control system do not change significantly.

Authorized Body 227 carries out at least once a year a surveillance on the proper operation of the factory production control system performed by the applicant, takes product samples at the place of production, performs tests and reviews if the product characteristics conform to the Building Technical Approval in accordance with §5, clause 4 of the above mentioned Government Order. In case that Authorized Body finds insufficiencies, it is empowered to withdraw or to change this Certificate.

This certificate cancels and fully replaces the certificate No.: 227/C5/2013/0450 of 14 October 2013.
