

Declaration of Conformity

In meaning of law no. 22/1997 Sb. About technical requirements on product in subsequent amendments and supplements and in accordance with directive §5. paragraph from 2nd Government Regulation No. 163/2002 coll. as amended by Government Regulation No. 312/2005 coll. and Government Regulation 215/2016 coll.

Producer: MANDÍK, a.s. – production of HVAC and related fire elements, industrial heating and air conditioning/handling units, HVAC products determined for Special Applications

Dobříšská 550
267 24 Hostomice, Czech Republic
ID 26718405, tel. +420 311 706 706

Identification data about appliance and equipment:

Compact air handling unit MANDÍK type C
with an integrated control cabinet (IC Cabinet)

An examination was carried out and initial product type tests were carried out on a sample, an on-site inspection was carried out and the production control system was assessed. It was found that the mentioned product meets the technical requirements set by the building technical certificate No. 227-STO-17-0107, which are related to the basic requirements,

and declares

that the production control system corresponds to the relevant technical documentation and ensures that the products placed on the market meet the requirements established by the above-mentioned building technical certificate and correspond to the technical documentation according to § 4, paragraph 3.

Description of the device:

The compact air handling unit MANDÍK type C is intended for transporting and conditioning air in low and high pressure ventilation, heating and air conditioning systems without the risk of explosion, where there are or are not the direct effects of the weather influence, not intended for forced removal of heat and flue gases. The compact unit is intended for direct use, it is completely assembled by the manufacturer and equipped with regulation before shipment from the factory.
